LET'S GET STARTED
 It's never too late to rescue skin from damage of the
 past. This product is formulated to be gentle enough to
 use twice a week, on non-consecutive nights.

- The glycolic acid goes to work immediately, removing dead skin cells from skin's top surface layer.
- This exfoliating ingredient also works on the remaining surface layers, breaking apart the bonds connecting thousands of other dead cells so they can be released and plumper, fresher cells can take their place.
- By increasing the rate at which skin-dulling dead cells on multiple surface layers are eliminated, the power of glycolic acid enhances skin's own renewal process for a rejuvenated look.
- This advanced exfoliation method also significantly smooths skin, reducing the "hills and valleys" associated with a drier rougher texture.
- Once the layers of dead surface cells have been removed, your skin will be primed and ready to accept the benefits of other age-fighting treatments.
- Because we wanted the formula to be gentle enough to use twice a week, we paired the glycolic acid with an exclusive blend of calming botanical extracts
- Since some people can experience dryness after using a peel, the formula also contains a marine extract which has been shown to have hydrating benefits
