Thank you for trying our

Satin Hands Sampler!

So let's get started!

- ◆ Massage a small amount of **Satin Hands Fragrance-Free Hand Softener** into your hands, between your fingers, and especially work around the cuticles of your nails. For added hydration, dampen skin with water prior to applying.

- ◆ Next, massage **Satin Hands Fragrance-Free Satin Smoothie Hand Scrub** into your hands and between your fingers. Rinse well and pat dry.

- ◆ Finally, massage **Satin Hands Fragrance-Free Hand Cream** into your hands and between your fingers. This non-greasy hand cream leaves hands soft and silky. It moisturizes hands for 24 hours. It even lasts through several hand washings.

Don't your hands feel wonderful?
